

WOS

80purppp

Started it with stoppin', we still pickin' cotton
Drank so many nights
I better stop fearing the consequences
Overdose on pop and Henny bottle rock and, all my niggas jiggy independent h
ow we rockin but

I see many niggas switchin' upwards when they fall in love
Talkin' like for hours end the convo when I bought em stuff
Niggas act like cowards when I move and when I taught em stuff
Why you actin sour when I'm winnin' like its wrong or sum'

Aye, like it's wrong or sum'
Chillin' at the party with a hottie light the bong or sumn, Shawty broke my
heart she help me out I write a song or sumn
Grinding in the stu' diggin for gold like I'm a blonde or something

Different like Oregano
Link right now don't say no more
I ain't tryna play no more
All thee niggas stay so bored

You just want a piece of me
Trade yo soul for some receipt
Stayin' fly I'm decently
Blowin' up so recently

You speakin in Morse code
Rep my city for a song
"Y.E.G" no not for long
One day go on tour alone

Seen that shit infront of me
That girl said she done with me
Now she wanna run with me
It's too late to come with me

One day we gon' be okay
And never waste away
Promise everything I say (yeah yeah)
Always have been making moves
Just wanna run away
Step back now I'm hitting tres yeah yeah

Now you know just what I mean
I'm always countin' green
Treated like a centerpiece (yeah yeah)
My Hoya won't have to clean
I'm out to chase a dream
Never risk it for a fiend (yeah yeah)

Yeah yeah, aye okay okay
Yeah okay yeah aye okay
Alright okay alright okay
Okay let's go yeah aye

Slappin' shit like hockey
Hands up on yo body

They see me about to go somewhere
They tryna stop me prolly
Running but they caught me
Ju free up my dawgy
Bet they wish they texted back my phone
Now I got money talkin'

Tryna buy not rent a car
Hit me up like who u are
I'm just tryna be a star
Fight all day got battle scars

Don't know what you do to me
Talkin shit not cool with me
Walk around at school with me
Icy neck no jewelry

Most thee niggas talk a lot
Takin pics in parking lots
No bite but you bark a lot
I fly Tony Stark a lot

Up but I'm still down witchu
Never played a clown witchu
Imma get a crown witchu
Spend it all around witchu

One day we gon' be okay
And never waste away
Promise everything I say (yeah yeah)
Always have been making moves
Just wanna run away
Step back now I'm hitting tres yeah yeah

Cross up hit 'em with a tween
We never drinkin' lean
Throwin' cups like autumn leaves, (yeah yeah)
All this shit know that I'm bout
But you ain't never seen
Salted up like you the sea, (yeah yeah)
