

Soldier Boy

86 Mentality

Clear a path when we come through
f**k up and it's on you
don't care what the f**k you're for
we're gonna rip off the door
(chorus)
terror boys on friday night
terror boys on saturday night
terror boys alright alright
terror boys
hit the streets at half past ten
kicked out the club again
don't care what the f**k you're for
we're ripping down the door
(chorus)
i get off on self destruction
my head's a wreck
with mind occruption
tell us again, still don't care what you say
chaos nightlife, the only way
