

Handcuff 'Em

88-Keys

Let's go

Uh

No

No

Again

Yeah, don't even play yourself

What you gave and what I got, you haven't saved yourself

For one minute, you said nuttin's been in it

Don't act like you was raised in a house with nuns in it

Uh, I'm not dumb nor timid to the women up the block

Who be given up the crotch so we can have fun with it

Yeah, this is a two-way street

Cuz every time I bust my nut, you get something to eat

Take yo ass and load this

In the meatpacking district

You won't find a meat this thick

Deep in the jungle with ya mac lipstick

I ain't lying when I say I

Fuck your number, what's your Myspace page, girl?

Now holla if you ever been placed in handcuffs

Not on me but I put 'em on her though

Now holla if you ever been placed in handcuffs

We 'gon do it like it's 'sposed to be done

We 'gon play a little one on one

Gank, don't fail me now

Gank

Hot Hov, you's out control

If you think I'm pussy footin' to the pussy you're a dope

Head, go front like a rich centerfold

You ain't hot enough for me to ditch my polo wintercoat

And don't act, like you know a nigga broke

Cause that ain't even the case

I'm quick to put up, the cheese fo' I put up a chase, uh

Unless she got a big ass, I'll ask her

For info, straight harass her

It's like the police, straight harrassin' em

Frisk 'em, slap on these cuffs and fasten em

Here's my guide, if you wanna be catchin' em

Just keep them handcuff keys

Nearby, till they fall in love, damn that's enough please

Please, yeah

Now holla if you ever been placed in handcuffs

Not on me but I put 'em on her though

Now holla if you ever been placed in handcuffs

We 'gon do it like it's 'sposed to be done

We 'gon play a little one on one

Gank, don't fail me now

Gank

Now holla if you ever been placed in handcuffs

Not on me but I put 'em on her though

Now holla if you ever been placed in handcuffs

So Adam meets this girl at the club the other night, right?

Takes her home; girl is ready to go
On the bed, butt-ass naked
Adam is in the bathroom, givin' his dick a pep talk
Like "Come on, get up, get ready, let's go!"
