Addy with the lean got me wired  
Flexing on these niggas dawg I'm so tired  
1-800 real nigga and your bitch gon' call  
Can't believe I'm still with ya  
Can't even chill with ya

Can't believe I'm still with you  
Can I keep it real with you

Can't believe I'm with you almost settled down  
Now they say I'm acting different when I come around  
You was crying in that civic while it's broken down
