

Tell your bitch stay up out my mentions
MoneyMusik
Now I keep a clip with extension
Tell your bitch stay up out my mentions
Got a clip, I forgot to mention
Keep a clip with extension
I pull up with Shrimp on a mission

Big ship (Big ship)
And my chain on iceberg, got a big drip (Big drip)
Can't evaporate, I got this big drip
And my chain an iceberg, it might sink ships

Keep a clip with extensions
Damn, I forgot to mention
And your main bitch need some fixin'
Turn her to a milf and a vixen
Starin' in the mirror like, "Who built me?"
My niggas get off charters when they guilty
And my diamonds clean but they filthy
My niggas get off charters when they filthy

Big ship (Big ship)
And my chain on iceberg, got a big drip (Big drip)
Can't evaporate, I got this big drip
And my chain an iceberg, it might sink ships

I might light on fire like extinguish
Tesla pull out quiet, engine whisperin'
Broken tap, that's no cap, how he drip
Audemar on me dancin' while I stick shift
Balenciaga, Bape, I look different
She gon' suck my dick, I don't do kiss lips
Mino Ranger, Gorgeous Baby, super lit lit
Mino Ranger, Gorgeous Baby, super lit lit
Walk in with a Wock', Baby Bottle Pop
Neck on me is frigid, had to bring the mop
No cappin' on the block, bag it, then get topped
Let her hold my Glock, don't get caught up with the mob
Walk in with a Wock', yeah that Baby Bottle Pop
Neck on me is frigid, so I had to bring the mop
Clock on my don't tock, dial hidden all my rocks
Big Dipper my watch, GB changin' how they shock

Big ship (Big ship)
And my chain on iceberg, got a big drip (Big drip)
Can't evaporate, I got this big drip
And my chain an iceberg, it might sink ships
