(Alex can't breathe, easy)  
I hated what happened to you  
'Cause I'm having a bad day too  
She call me back, circle back, that was my bad  
That was my bad, that was my bad, that was my bad (Alexonweed)

Yeah, you got it, mean it (Mean it)  
Watch me, you rotate it ('Tate it)  
Shawty, what your name is?  
'Cause you're litty just like a goddess (Goddess)  
I 'member those days, just me and you and no one else (Else)  
I took you to school, I was buying you jewels, I blame myself (Myself)

Can't follow the rules, I got some screws missin' myself (Self)  
If I ain't got you, got nothin', I don't spot myself  
The way she turnin' me on, I don't mean, I don't say she top ten (Ten)  
The way I'm flirtin', she don't even know she locked in (Top ten)  
Got 'em in my Birkin, I want purchase when I walk in  
Double R curtains, ain't no service when she poppin'  
They lookin' at me hopin' somebody that'll help  
Ain't lookin' up please, she show me more than she can tell  
Can't get my heart attached, I'm workin' on myself  
And if it ain't me, I'm all alone, nobody else  
I went on T that time that you told me to peel  
You called me back, I circle back and did the drill

Yeah, you got it, mean it (Yeah)  
Watch me, you rotate it (Yeah)
