Better you than me, if I pull out that's on me
You poured it while I'm drivin', chop the top off of the V
Nothing in my free, used to sell 'em by the G
Formula 1 the way she drivin' it, but I don't split the pie with it
I'm just servin' her the D, like a janitor with keys
Ain't no point in that bitch hidin', then eventually they see
Frozen ice is on my neck while I'm chillin' on a beach
Nowadays, I barely text, that's me talkin' 'bout my fiend
Yeah, life been gettin' sweet, all my labour turn to peach
Yeah, all my diamonds hit like it's Curry from the three
Yeah, celebrate with champagne, yeah, her titties man made
X-ray to my bank safe, love the way her back curve
Fuck her while she stand straight, tradin' my soul for rare case
Afterparty, backstage, memories I can't play

Cancelling my ex after she fuck, I feel the best
I just play that role as if I knew like all of the rest
Really only take a call to get a girl undressed
Sorry, you just played yourself, you do that shit the best
Cancelling my ex after she fuck, I feel the best
I just play that role as if I knew like all of the rest
Really only take a call to get a girl undressed
Sorry, you just played yourself, you do that shit the best

I put all of my effort in, believe me, I do
Spaceship boys, anyone that leads me to you
Side piece stuck inside my room like TV, what's the news?
Tell me what if it's the moon that sees me at noon?
Shoppin' that's a quarter mil'
Pour a four to feel, fuck you like a tortoise will
Baby, you gon' learn how I'm flyin' out of Porterfield
It's your turn now, it's your turn now
Diamonds, they keep bitin', stay with Vikings, don't get close
When I take my Vicodin, taste like vitamins, up my dose
Diamonds hit like lightnin', bust down AP came with volts
Say I look strikin', we'll match when spend those racks on hoes
90 percent, never body exposed
That's how I know you did bad, like before
Yeah, them dollar bills stuck to her toes
If she keep on twerkin', I'm gon' take 'em home

Cancelling my ex after she fuck, I feel the best
I just play that role as if I knew like all of the rest
Really only take a call to get a girl undressed
Sorry, you just played yourself, you do that shit the best
Cancelling my ex after she fuck, I feel the best
I just play that role as if I knew like all of the rest
Really only take a call to get a girl undressed
Sorry, you just played yourself, you do that shit the best
