Can't do the fakes, say a prayer before I wake
Before I ate, bow my head and say the grace
Can't wife no thottie, drip I got don't come with cape
This Gucci top the only time I fuck with snakes
Beanin' out, is the life that I chose
Beanin' out, in the back of the Rolls
And I kind of wanna wear designer clothes
Beanin' out, is the life that I chose

Coupe slime, slatty
Doors [?] flooded
AP on my wrist
Ice my neck, check out me floody (On my wrist and my ho)
Poured up on my road, double cup it got me slow
Lately I been feelin' but my glizzy wanna glow (Pew pew)

Speakin' Spanglish like I'm fresh off the boat
I want the Vanquish but I gotta take it slow
Mino Danger, that's enough, safety's off
It's a flex when she ride on my pole
All this stress, wait a second, need a shrink (Wait a second)
It's on a scale, we gon' make sure it don't shrink (Wait a second)
Why you actin' like you snoopin', I'm a star
Give me neck and that bitch get me knuck

Can't do the fakes, say a prayer before I wake
Before I ate, bow my head and say the grace
Can't wife no thottie, drip I got don't come with cape
This Gucci top the only time I fuck with snakes
Beanin' out, is the life that I chose
Beanin' out, in the back of the Rolls
And I kind of wanna wear designer clothes
Beanin' out, is the life that I chose

For my bitch, let it hit, know they won't
Can't go back to broke, no I won't
Balenciaga feet, jeans VLONE
Belt buckle hold my stick, BB scones

I'm on a ship but my boat doesn't sink (Doesn't lean)
Broken faucet, all this drip, I should sing
Bought my bitch some Chanel and a mink
Bought my bitch some Chanel, it's a mink

Bounce on my lap, whoa
Count up my rack, whoa
Pounce on the cat, whoa
Loud got the pack, yeah
Stix got my stick
Got no need to relax
Snipe me a bitch
When you leave, I'm her dad

Can't do the fakes, say a prayer before I wake
Before I ate, bow my head and say the grace
Can't wife no thottie, drip I got don't come with cape
This Gucci top the only time I fuck with snakes
