88GLAM

Doin' drugs in the bathroom stall  
High school was a writeoff  
Jake Gyllenhaal through the halls  
Nightcrawler, I can't take no nights off

Walk in the party, I can't take my ice off  
Walk in the party and they take the lights off  
Only fuck with you when the lights off  
Got the body, I can't take my sights off  
Space boys, only do NASA  
How did I upgrade from the master?  
You know that we only do pasta  
Smokin' rigatoni for my asthma  
Dick so long, can't expire  
Bitch on the phone, don't get tired  
Know I got them Lizzys like McGuire  
Everything they charge, I can wire
