

Can we make this last forever  
Tell me now don't tell me later  
It's already promised for you  
It's automatic when you feel it

I picture you next to me  
I'm tripping my head's spinning  
Now it's for me to sleep, oh  
Tussle like we're wrestling  
Now you got me confessing  
You give me no room to breathe

This kind of love comes so easy  
Just let me know, nice and easy  
Easy, easy, easy, easy  
Don't let me go, don't release me  
Come put me down, nice and easy  
Easy, easy, easy, easy

Easy, easy, easy, easy  
Easy, easy, easy, easy  
Easy, easy, easy, easy  
Easy, easy, easy, easy

I want you with no pretends  
Please cancel on all your friends  
I do not want this to end  
We cannot switch up the plans no  
I don't mind it if you tie me down  
Keep my head up, right foot on the ground

I picture you next to me  
I'm tripping my head's spinning  
Now it's for me to sleep, oh  
Tussle like we're wrestling  
Now you got me confessing  
You give me no room to breathe

This kind of love comes so easy  
Just let me know, nice and easy  
Easy, easy, easy, easy  
Don't let me go, don't release me  
Come put me down, nice and easy  
Easy, easy, easy, easy

Easy, easy, easy, easy  
Easy, easy, easy, easy  
Easy, easy, easy, easy  
Easy, easy, easy, easy

I don't mind it if you tie me
