

Mind Games

88rising

Middle of the night
Asking why
I've been thinking twice for so long
Playin' mind (Playin' mind)
Playin' mind games

Burned alive again
Can't escape the notion
I'm a mannequin
In a world of emotion (Numb)

Let's repaint your portrait, we can make them think you feel alright
Come and take a bite of this and make them think you feel alright

Who says I wanna think it through?
Who says I wanna play these mind games anymore?
This revelation's overdue
Who says I wanna play these mind games anymore?

Voices on a loop
And the tape distorts so
Indecipherable, till it makes my mind go

Let's repaint your portrait, we can make them think you feel alright
Come and take a bite of this and make them think you feel alright

Who said I wanna think it through?
Who said I wanna play these mind games anymore?
This revelation's overdue
Who said I wanna play these mind games anymore?

Middle of the night
Asking why
I've been thinking twice for so long
Playin' mind (Playin' mind)
Playin' mind games

Middle of the night
Asking why
I've been thinking twice for so long
Playin' mind (Playin' mind)
Playin' mind games

Who says I wanna think it through? (Oh, oh-whoa)
Who says I wanna play these mind games anymore? (Anymore)
This revelation's overdue (Go around)
Who says I wanna play these mind games anymore?

Middle of the night
Asking why
I've been thinking twice for so long
Playin' mind (Yeah)
Playin' mind games

Middle of the night
Asking why
I've been thinking twice for so long

Playin' mind (Playin' mind)
Playin' mind games (Alright)
