

Poolside Manor

88rising

Write your name on it like Casanova
Do it witcho hands, don't take them off
Know you like to swim inside the ocean
But let me show you how we live it up

Ooh...

Let my waist be your guide
Let my wind take ya
With the sun in your eyes
See my heart chase, chase it
Know it feels amazin'
Chase, chase it
At our poolside manor
At our poolside manor

Only me and yours in my cabana
Lunch box filled with everything we need (yeah)
Bottle service going like it's midnight
Love it when you give me everything

Ooh...

Let my waist be your guide
Let my wind take ya
With the sun in your eyes
See my heart chase, chase it
Know it feels amazin'
Chase, chase it
At our poolside manor
At our poolside manor

Wet suits, covered in booze
Hump day feels like the weekend
We've got no rules, kissing by the pool
Feels like high school all over
All over
At our poolside manor
