

## Relax & Take Notes

8Ball & MJG

Relax and take notes while I take tokes of the marijuana smoke  
Relax and take notes  
I just want the paper, I just-I just want the paper  
I just want the paper, I just-I just want the paper, paper

M-E-M-P-H-I-S

I'ma rep this here 'til I walk upon death  
My demise ain't here, don't hold your breath  
Cook heat over beats so I'm somethin' like a chef  
Purple kushes, my bitches wax off they pussy bushes  
Eat dick like it's delicious, and grant a pimp wishes  
She dig my country talkin', she say I sound funny  
Embassy suites, sittin' on the bed, countin' money  
Illegal hustlin', dirty money musclin'  
Spend it like I never saw a day of pain or sufferin'  
Look at my face, you can tell I seen both of 'em  
I stick and move, do my business, get the dough, and dip  
My chronic habit heavy, weed man in every city  
My money big so my airplane's lil' bitty  
Major visibility, bad boy lieutenant  
Black Phantom with the black guts and I'm in it

Relax and take notes while I take tokes of the marijuana smoke  
Relax and take notes  
I just want the paper, I just-I just want the paper  
Relax and take notes while I take tokes of the marijuana smoke  
Relax and take notes  
I just want the paper, I just-I just want the paper  
I just want the paper, I just-I just want the paper, paper

I'ma blast off, take my mask off  
Blow your fuckin' ass off, give me the cash, 'cause  
MJG not playin' no games  
If you not speakin' good, don't be sayin' my name  
Nigga, no it ain't okay with you, within a day or two  
I'ma track you down and pull a motherfuckin' rake-a-roo  
Ain't no way you niggas can hide  
I can get you in the house, I can get you outside  
I'ma load the pump up, lay down, jump up  
Surprise, everybody finna help me with my come up  
Goddamn, I done made all of y'all shit your jeans  
This look like it might be a job for Mr. Clean  
Old bootleg nigga, you's a knock off, an imitation  
Local-ass kingpin nigga with a limitation  
You don't want no drama with me  
'Cause I got the ghost of Jeffrey Dahmer with me, yeah

Relax and take notes while I take tokes of the marijuana smoke  
Relax and take notes  
I just want the paper, I just-I just want the paper
