

a frequency pulling my head towards the woods

93FEETOFSMOKE

'Cause I don't have the time
Shrug it off and skip the line
Miss the beat and pay the price
'Cause I can't decide
If it's worth it in my mind
If it's worth it in my mind

'Cause I don't have the time
Shrug it off and skip the line
Miss the beat and pay the price
'Cause I can't decide
If it's worth it in my mind
If it's worth it in my mind

I-I-I-I-I, I hit decline
I tap out of focus but I never hit rewind
Cause
I-I-I-I, No I wouldn't mind
I don't wanna hang out with nobody anymore
I-I-I-I-I, I hit decline
I tap out of focus but I never hit rewind
Cause
I-I-I-I, No I wouldn't mind
I don't wanna hang out with nobody anymore

No phone, don't care, I said I was sleeping
Never hit you back you said I'm changing like the seasons
Never quick to dial, always in denial
I don't wanna lie tho
I just wanna be alone
Don't go nowhere, sleep until the sun down
Ashes on the back porch, embers in the front lawn
Wake up how'd I get here? Trying to get my head clear
Better luck for next year
Better when I'm on my own

No new friends, just new hobbies
No plans just text me ooooooo
Only answer somebody
Who I care about not you
No new friends, please don't call me
I've made it this far on my own
Only answer somebody who I care about, fuck you

'Cause I don't have the time
Shrug it off and skip the line
Miss the beat and pay the price
'Cause I can't decide
If it's worth it in my mind
If it's worth it in my mind

'Cause I don't have the time
Shrug it off and skip the line
Miss the beat and pay the price
'Cause I can't decide
If it's worth it in my mind
If it's worth it in my mind
