I ain't talkin bout fate...

I ain't talkin bout fate
If the ins and outs is tragic
I don't wanna know what happened
I ain't talkin bout fate
If its something on my back
Why I feel it in my blood?
I ain't talkin bout weight
Never got me back then
Why'd I get you right now?
You can't have it both ways

I ain't talkin bout
I ain't talkin bout

I ain't talkin bout the loneliness that's holding me
Little bit detached I know your noticing
Little bit burnt out I guess the past few weeks
And nothing hit the same no more need Calvary

Feel the same
I
Wonder anybody feels the same
I I I I I
Feel the same
I
Wonder anybody feels the same
I I I I

I ain't talkin bout fate
If the ins and outs is tragic
I don't wanna know what happened
I ain't talkin bout fate
If its something on my back
Why I feel it in my blood?
I ain't talkin bout weight
Never got me back then
Why'd I get you right now?
You can't have it both ways
I ain't talkin bout shit
I ain't worried bout it
Ain't talkin bout hate

Wonder anybody feels the same
I
Wonder anybody feels the same
I I I I I
Feel the same
I
Wonder anybody feels the same
I I I I I
I I I I
