

Another Day, Another Mistake

93FEETOFSMOKE

Another day, just another mistake
Don't say we can make it okay
Another fake, just another blank face
Yeah, it's fucked up, I know, stop asking for more
Yeah, you know why it's like that
You're why I'm so sad...
I just wanna let you know
That I fucked up but it's alright, yeah it's alright
I just wanna fall back down
But it's okay, yeah, it's okay, yeah, it's okay

Just let me go, my heart's so cold
I feel so torn, like life's a chore
Another day, just another mistake
Don't say we can make it okay
Another fake, just another blank face
I just wanna let you know
That I fucked up but it's alright, yeah it's alright
I just wanna fall back down
But it's okay, yeah, it's okay, yeah, it's okay
Yeah, it's fucked up, I know
Stop asking for more
Yeah, you know why it's like that
You're why I'm so sad...
