# BUG5

**93FEETOFSMOKE**

Bugs
Yeah it's creepy crawly bugs
And they come right through the tub
And I hide myself right underneath the floorboards
Guess it sucks, 'cause they're coming for my blood
But I never bet on luck (bet it on luck)

I don't need that
I blast off hit the ground
Whiplash, break my back
Stone faced I don't laugh
Creepy crawly poltergeist under my bed
Only see us late at night through infrared

It's a terrifying decision
Bend my hand in new positions
Fractured wrist, ease the tension
Slept on the counter in the kitchen
Force my pen and when it's empty
Fill it up with toxic water
Make me drink when I'm not thirsty
Make me slow down I'm in a hurry
(Slow down)
(Slow down)
Almost drowned, caught in the current, oh

Bugs
Yeah it's creepy crawly bugs
And they come right through the tub
And I hide myself right underneath the floorboards
Guess it sucks, 'cause they're coming for my blood
But I never bet on luck (bet it on luck)

Bees, stuck in the pool
AaooOoo
Bees
They're drowning
They're drowning
I don't wanna talk I don't wanna chit chat
I ain't finna front, I ain't do the call backs
Think I'm too tired try to entertain that
Think think I'm too tired trying to entertain that
I don't wanna talk I don't wanna chit chat
I ain't finna front, I ain't do the call backs
Think I'm too tired try to entertain that
Think think I'm too tired trying to entertain that
