

# DISAPPEAR

93FEETOFSMOKE

Sometimes I wish  
That I could disappear  
(Disappear)

Float down  
The crowded halls  
Like no ones here  
(No ones here)

And I hope I don't regret it  
If I find my way to heaven  
Sometimes I just wanna disappear

(Ooh  
Ooh)  
Disappear  
(Ooh  
Ooh)  
Disappear

I'll be the shadows  
In the hall  
I'll be the wind  
Against the walls  
I'd do anything  
To be anywhere  
But here

I wanna be  
A still frame image  
Put life on pause  
Instead of live it

In that big blue bin  
At goodwill  
Where my life's heading  
So they say  
"You should be careful  
With your wishes"

Sometimes I wish  
That I could disappear  
(Disappear)

Float down  
The crowded halls  
Like no ones here  
(No ones here)

And I hope I don't regret it  
If I find my way to heaven  
Sometimes I just wanna disappear

(Ooh  
Ooh)  
Disappear  
(Ooh

Ooh)  
Disappear

I'll be the shadows  
In the hall  
I'll be the wind  
Against the walls  
I'd do anything  
To be anywhere  
But here

See through  
(I just wanna be)  
Yeah yeah  
Nah nah  
I just wanna be see through  
(I just wanna be, I just wanna be)  
Yeah yeah  
Nah nah
