93FEETOFSMOKE

Fienin mane
Say why you leaning mane?
I got a bag of crushed dreams
Like what you needing mane?
Keep fucking fienin mane
Say why you leaning mane?
I got a bag of crushed dreams
Like what you needing mane?

I just hope my last breath
Will be a sigh of relief
Know I'm coming right back
I'm just a drop in the sea
And either way I manifest
I know I'll feel you with me
Because we've always had
The same distance between us
So hazy out here lately
I feel lost with my lady
Locked indoors all day
Just because it is raining
Grinding teeth like Prince Zi
God damnit I'm facing
Hella blunts just thinking
Why my soul so vacant

Fucking fienin mane
Say why you leaning mane?
I got a bag of crushed dreams
Like what you needing mane?
I'm back gripping onto my ego mane
Just tryna be normal, eating with your family
I'm fucking fienin mane
Say why you leanin mane?
I got a bag of crushed dreams
Like what you needing mane?
I'm back gripping onto my ego mane
