93FEETOFSMOKE

I'm tryna go viral
Say she like my style
I don't fuck with people
They not worth my while
Spot 'em out like beagle
Run it up like miles
Run it up like EBT
Used to need a card
Now I need a damn piece

Gold leaf on my hip
And make it 3peat
Bitch I'm weezy f baby
Back in '03
She got boots with the fur
Apple bottom jeans
From the window to the wall
I see everything

I see everything
I don't speak on it much
But I hear everything
I don't think bout it much
But I feel everything
Uh
Uh
I feel everything

I feel everything
Give me something anything
Fill this hole inside my heart
Boy I need anything
I'll take anything
Please give me something anything
I've tried everything
Give me something anything

I don't hang with people like I used to
I don't like the people that I used to baby
And I ain't taking bullshit like I used to
So I don't hang with people like I used to baby

Gold leaf on my hip
And make it 3peat
Bitch I'm weezy f baby

I see everything
