

Life Just Leads Me To The Bottle

93FEETOFSMOKE

Life just leads me to the bottle
Guess I'm tryina drown my sorrows
Conversations getting hollow
Can we just talk tomorrow

Never knowing why I feel like that
Guess I'm better in a body bag
Rigor mortis were just stuck like that
With your words constricting round my neck

And I know... I'm not worth saving... but I'm waiting
And I know... I'm not worth saving... but I'm waiting

And I'm trying just to sober up
And I hope You feel I do enough
I'm loving you that's all I ever do
Just fighting everything in solitude

And I'm trying just to sober up
And I hope You feel I do enough
I'm loving you that's all I ever do
Just fighting everything in solitude

(There's a hole in my chest
Bleeding veins from my wrist
Just tell me what you need
And I can be that)

And I know
I'm not worth saving
But I'm waiting
And I know
I'm not worth saving
But I'm waiting

Life just leads me to the bottle
Guess I'm tryina drown my sorrow
Conversations getting hollow
Can we just talk tomorrow

Never knowing why I feel like that
Guess I'm better in a body bag
Rigor mortis were just stuck like that
With your words constricting round my neck
