

I barely know you  
How can I trust you?  
How can you trust me?  
Have you seen what I've seen?  
I barely know you  
How can I trust you?  
How can you trust me?  
Have you seen what I've seen?

Have you ever had a gun against your head?  
Have you started counting down 'till your last breath?  
Have you ever had a gun against your head?  
(Please do not talk to me  
Shut the fuck up, get away from me)

Stop fucking preaching, don't talk to me  
Shut the fuck up, get away from me  
Stop fucking preaching, don't talk to me  
Shut the fuck up, get away from me

Get away from me  
Get away from me  
Get away from me
