

## Fly With Me

98 Degrees

So won't you fly with me  
I wanna make you feel alright  
Alright with me  
Let me mend your broken wings  
And set you free, girl it's alright  
Girl can't you see

Let me take you to a place  
That you've never seen,  
Never been, only dreamed  
Where I can take away all of your pain  
Girl I promise that  
You'll never hurt again, yeah

And I can make you feel  
The world belongs to you  
You're the one, all I need  
And you know that it's true

Let me turn your night to day  
Let me be the one to bring innocence  
I know it must be hard  
for you to see things clear  
But baby you've got nothing to fear  
Oh no

Together we can touch the moon  
And kiss the sky  
Make you feel how I feel  
When I look in your eyes, oh yeah

All I need in my life  
Is you at my side, girl  
(You at my side girl)  
Let me be the one  
(Let me be the one)  
To hold you close  
Your hand in mine girl  
And together we'll fly
