Fly With Me

98 Degrees

So won't you fly with me I wanna make you feel alright Alright with me Let me mend your broken wings And set you free, girl it's alright Girl can't you see

Let me take you to a place That you've never seen, Never been, only dreamed Where I can take away all of your pain Girl I promise that You'll never hurt again, yeah

And I can make you feel The world belongs to you You're the one, all I need And you know that it's true

Let me turn your night to day Let me be the one to bring innocense I know it must be hard for you to see things clear But baby you've got nothing to fear Oh no

Together we can touch the moon And kiss the sky Make you feel how I feel When I look in your eyes, oh yeah

All I need in my life Is you at my side, girl (You at my side girl) Let me be the one (Let me be the one) To hold you close Your hand in mine girl And together we'll fly
