## **Give It Up (Interlude)**

Hey yeah Now here's a story One we both know About two people When they lost their self control If we're not careful It might be you and me When things are good You gotta let them be, oh Whey you wanna play me around Why you wanna mess with this love that we've found Whey you wanna tear us apart If you're trying to break my heart You better give it up, give it up 'Cause I'm not gonna take anymore Yeah my heart has made mistakes like this before So if you don't start treating me right I'm gonna give it up, give it up, give it up Starting with tonight Oh baby, oh yeah Starting with tonight I'm gonna make it right Oh, oh yeah Why you wanna play me Play me around, oh baby calm down
