

Stay The Night

98 Degrees

In the still of my heart
There's a fire that burns my sole's desire
Touching me, like the sun
here and now I give my love so faithfully
that I will always be the one

I wanna stay with you tonight
I don't wanna leave,
cause I feel the time is right
Don't wanna go before I say,
what I have to say
don't ask me to walk away
I wanna stay tonight, wanna stay the night

Holding you close to me
The first time that your body moved with mine
let the mood ease your fears
caressing as I whisper in your ears
that I will always be the one

I wanna stay with you tonight
I don't wanna leave,
cause I feel the time is right
Don't wanna go before I say,
what I have to say
don't ask me to walk away
I wanna stay tonight,
wanna stay the night

Now is the time,
I've been waiting for so long
Just give me a sign,
cause it's here where I belong
ohh oh yeah (stay the night)

I wanna stay with you tonight (stay)
I don't wanna leave (I don't wanna leave)
Cause I feel the time is right (Baby please tonight)
don't wanna go before I say
what I have to say (what I have to say)
Don't ask me to walk away (baby, don't walk away)
I wanna stay tonight,
wanna stay the night (wanna stay the whole night baby)

Wanna stay the whole night baby
Wanna give you everything and more
what I have to say
don't ask me to walk away
stay the night, stay the whole night oh,
yeah my baby, my baby tonight

Dont wanna go now,
I wanna stay the night don't wanna go now,
don't ask me to walk away
