

Homicide

999

i believe in homicide i rest my case,
don't cast a sigh
you'd better believe it,
that's the truth of it
take it or leave it,
resign to it homicide,

homicide, homicide, homicide

no one cares when someone lies
they'd rather say that it's a red alert
you'd better believe it,
that's the truth of it take it or leave it,
resign to it
homicide, homicide, homicide,
homicide homicide, homicide
homicide, homicide

you try to tell me it's his fault because he's down
and let him lose this homicide all over town

i'll take enough
but i'll take it down
what's your address,
i'll write it down i'll be in touch
so don't leave town in a big black car

homicide, homicide, homicide

i believe in homicide i rest my case,
don't cast a sigh you'd better believe it,
that's the truth of it, take it or leave it,
resign to it
