

## Quite Disappointing

999

I go where I want and I do as I please  
Got the freedom to choose  
Who I'm going to use  
Don't spy on me ain't living for free  
What's your adress D: H: S. S.  
Cos im quite disapointing  
Yes im quite disapointing

Quite disapointing, it's a desease of the neighbourhood  
Quite disapointing, north west east and south of here  
Quite disapointing, quite disapointing  
Quite disapointing, quite disapointing

I don't need to pretend, ill win in the end  
I'll get my name in the news  
And my point of views  
Don't give me your rules cos I'm no fool  
I'm out on my own so just leave me alone
