

Wash In The Rain

A Band of Bees

I try and I fail
Sometimes I even succeed
If you look at my life
I can't complain
If you know what I mean
And it is all the same
When your holding out
You can wash in the rain

Wash in the rain, wash in the rain
Wash in the rain, wash in the rain

I got salt you got pepper
Maybe we should get it together
I dig a hole, you fill it up
You're the second thing to knock me over
Only to the waves at the edge of the water

Wash in the waves, wash in the waves
Wash in the waves, wash in the waves
Wash in the waves

I find it hard to forget
All the effort in regret
Put in one pot that's big enough
It's bound to crack when it hits the rock
That's 'cause your wicked and you wouldn't stop
That's 'cause your wicked and you wouldn't stop

You wouldn't stop
You wouldn't stop
You wouldn't stop
