Step in that bih, wiped his nose okay (Okay, okay)
Hit him where it hurt, leave him in the dirt, dirt base (Leave him in the dirt, dirt base)
Switchers and choppers, penthouse full of grenades (Woah)
She rockin' on my ice and I'm fuckin' on this bitch all day (This bitch all day)
Put him in a box, leave a lil' nigga in the lake (Leave a lil' nigga the lake)
Huh? Walk in the apartment, all you see is yellow tape (All you see is yellow tape)
Huh? Bust down, bust down, bust down, glass in her face (Bust down, bust down, glass in her face)
Yeah, I Chrome Heart your baby mommy body, you call her bae (Woah), damn

Back in my bag in the Chrome Heart mess
I just stretched the 'Rari 'cause the bitch too fast
She broke my heart, pieces Eliantte glass
Hit the strip club and I'm comin' right back (Yeah)
I just bought a SIG and it got kickback
Check out the fridge in the new Maybach
Klu Klux diamonds on the top of my hands
Got her on her knees and she not prayin'
Takin' Adderall 'cause I don't do Xans
Flood the AP gotta make the bitch dance
Makin' blue faces, fuck is you sayin'?
Styrofoam cup, throwin' up a few bands
Shoot up the funeral, shoot out the van
Shoot up the funeral, hit up your mans
I don't do love and they don't do friends
Free Double M, he got caught in a jam

Step in that bih, wiped his nose okay (Okay, okay)

All I know is gas, no brakes
Lil' bro caught a body with a mask on tape
I was in the penthouse countin' cash all day

With a strap on my lap, can't lack, no way
With a baddie I hit up for Addy
I blew out her back, she like, "Take me to Saaks, okay"
It ain't nothin' to get what you want
I can blow all them racks and then go get it back, one play
With the wolves hoodie on, like I'm Red Robin
And your hood niggas spent what you did body
If I fuck on this bitch, he gon' cry 'bout it
Fall in love with that pussy, don't die 'bout it
I fill up double-R truck, soon as I hop out it
They look at me like I'm cock-eyed
Takin' these drugs, I'm startin' to feel like I'm psychotic
Addys and Percs in my Star pockets
