

Track Star

A Boogie Wit Da Hoodie

Yeah

Mane, I ain't, I ain't ever had this happen before mane (I ain't ever had this happen before)

(My heart is breaking)

Heart broke so deep, it broke into a melody like this

Ooh-ooh, ooh-ooh, ooh-ooh, ooh

My heart is breaking, my heart is—, my heart is aching

Ooh-ooh, ooh-ooh, ooh-ooh, ooh (Hey, ayy, ayy)

Hey, ayy, ayy

She's a runner, she's a track star (She's a runner)

She gon' run away when it gets hard

She can't take the pain, she can't get scarred (Oh no)

She hurt anyone that gets involved

Don't wanna commit, why take it this far (Oh why?)

She gon' do the race, just not this one (Oh why?)

Love is a game, you used to cheer for

When I was down to talk, you weren't here for it

You-ouu-ouu-ouu-ouu (Ooh, ooh, ooh)

Leave a trail of heartbreak and heartache like it's cool (Ooh, ooh, ooh)

I guess way too late is convenient for you (Ooh, ooh, ooh)

The dirt you left don't turn into dust, it don't move (Ooh, ooh, ooh)

It's here waiting for you

Baby, stop frontin' (Stop)

Grab on your waist, that's gon' make you stop runnin' (Stop runnin')

Diamonds on my chain and watch bustin'

You look at me like you want somethin'

Don't keep it low, keep it one-hundred

Speakin' of numbers, I, here, I gave you the wrong one on purpose but this one is workin' fine

Hit my line, call me whenever you want some me

646-992-7453

I'm from the jungle but I'm not a cheater

Bitch, I'm in my bag, now it's Hoodie Season

I'ma set it off if a nigga creep up

And she gon' take the charge like it's a misdemeanor

I was mad high, you was off a Xan, I know

I was tryna fuck you and your friends like

Even though that wasn't in the plans right (No)

Drum with a stick, like a band, I know (Woo)

AP on my wrist, that's a buss down

King of this fly shit, yeah, I know

You can hold me down, and be more than my hoe

Stop actin' like you love me when you really don't know

She's a runner, she's a track star

She's a runner, she's a track star (She's a runner, yeah, yeah)

She gon' run away when it gets hard (When it gets hard)

She can't take the pain, she can't get scarred (She can't get scarred)

Girl, you killing me, you tweakin' hard (Girl, you tweakin')
I asked you what you feel and you don't speak at all (Oh no)
But you go straight to Twitter, you gon' tweet it all (Oh why?)
You must want another nigga to be alarmed (What you want to see?)
We were 'posed to fight through the storm (Ah-ha, ah-ha, ha-ha)
You made a decision, chose the easy one
Say you following your heart, but girl you leaving one
Wanting me to take you back with open reaching arms (And I can't do that, ma
ma)

I-I-I-I-I, I'm
Lost for words, let it hurt
(Setting my heart on fire, setting my heart on fire)
I-I-I-I-I
Put you first, showed you your worth
(Gave you whatever you desire, gave you whatever you desire)

She's a runner, she's a track star (She's a runner)
