A banquet of bad thoughts (I know)
You have the opposite color (oh girl)
Like a crumpled rationale (right now)
There's no more (so what) common sense (no more)

I want you, I keep wanting you
My reflection in your eyes desperately wants you
My empty hands feel so empty
You're turning away from me
I want to hold you in my hands
So you can't escape

Only my world is black and dark
The word light doesn't exist
But you are my salvation
I can't let go, you're my only hope

Come into my darkness
Hold me with your warmth
Tell me you want me
Don't give up don't give up

Come to me (say it) I'll have you (get it)
I need you
I want you, who shines so bright (tonight)

My black world invites you

Oh love me
Love me

Instinct, instinct
Instinct, my instinct (say no)
Warns, warns
Warns, warns me
I'm crazy right now (I can only see you)
My heart is numb (feels like it'll explode)

Where are you looking? Only look at me
Don't put anything else in your eyes
The danger level is already over the line
I don't even know what to do with my heart, oh babe

Only my world is blue and down
I'm locked inside, without knowing when it'll end
I keep thirsting for you
Only you're my only hope

Come into my darkness
Hold me with your warmth
Tell me you want me
Don't give up don't give up

Come to me (say it) I'll have you (get it)
I need you
I want you, who shines so bright (tonight)
My black world invites you

I told you I love you, hear me
Please know that I'm innocent
Above my dark depression
You're the only brightness
My eyes have grown cold
I'm getting endlessly dark
If I can't have you
I'd rather ruin you

You're turning away from me again (woo woo ho)
You're taking in something that's not me
Tell me why it can't be me (so fellin it yea)
Don't give up don't give up

Come to me (say it) I'll have you (get it)
I need you
I want you, who shines so bright (tonight)
My cold world invites you

Oh love me
Love me
