

Snobbery And Decay

A.C.T

Champagne dreams, caviar wishes
And watch them grow from rags to riches
Money to burn, money to give away

Lifestyles of the rich and famous
And look and them who can blame us
Lessons in the subject of decay

Come tomorrow, the dream might blow away
Guilt and sorrow, the price you have to pay

Snobbery and decay
Snobbery and decay

You've got yours, I've got mine
Obsession, just like Calvin Klein

Fantasy, ecstasy, designer dream, obscenity

Snobbery and decay
Snobbery and decay

Nothing to do, nothing to pay
Nothing but snobbery and decay

Land of the free
How can you tell?
The bigger they come the harder they sell

Here's to you
Here's to me
A future aristocracy

Property, poverty,
An unstable economy

And decay
And decay

Snobbery and decay
Snobbery and decay

Come tomorrow, the dream might blow away
Guilt and sorrow, the price you have to pay

Snobbery and decay
Snobbery and decay

Champagne and caviar
Snobbery and decay

I am the repertoire
Snobbery and decay
