

# Christmas On The Coast

## A Change of Pace

I'm so close  
Close to standing at your front door when it gets  
Cold, colder outside  
And my hopes  
My hopes are high for this winter to be spent  
Right  
Just right

Oh no  
Don't forget the snow  
Don't forget us here on the west coast  
Please  
Back for the holidays  
New Year's is close, we're on our way

So many states, so many days  
So many names without a face  
Another town, one more night  
And I won't sit, but I don't mind  
All these miles left behind  
This truckstop feels like home tonight

Oh no  
Don't forget the snow  
Don't forget us here on the west coast  
Please  
Back for the holidays  
New Year's is close, we're on our way

I'm coming home for the holidays  
I'm coming home for the holiday  
I'm coming home for the holidays  
I'm coming home for the holidays

Oh no  
Don't forget the snow  
Don't forget us here on the west coast  
Please  
Back for the holidays  
New Year's is close, we're on our way

Don't forget the snow  
Don't forget us here on the west coast  
Back for the holidays  
New Year's is close, we're on our way home
