

Best of Me

A Day to Remember

What'd you expect from me?
It's not my fault you'll never be happy.
Just cause you're right doesn't mean I'm wrong,
Our days were numbered and we knew it all along.
Can't you let things be?
Now all that's left is misunderstandings.
Spent my nights wishing I was gone.
My dad was right, we will never get along.

So I'm done, cause things could never be the same.
This is the last time, this is the last time you'll ever burden me.

I can't believe you got the best of me.
I can't believe I trusted every word you said.
Stretched myself out way too far,
Now I can see you for who you are.
I can't believe you got the best of me.
I can't believe I trusted every word you said.
It's all finally making sense,
You took what's left of my innocence. Oh no,
I can't believe you got the best of me.

Can't you act your age?
Is it that hard to say what you're thinking?
Lately my life's moving way too fast
You'd drag me down if I'd let you hold me back.
What a mess you've made,
And you hide from it at the bars you frequent.
Blamed myself avoiding time this cost,
But looking back you only learn from what you lost.

So I'm done, cause things could never be the same.
This is the last time, this is the last time you'll ever burden me.

I can't believe you got the best of me.
I can't believe I trusted every word you said.
Stretched myself out way too far,
Now I can see you for who you are.
I can't believe you got the best of me.
I can't believe I trusted every word you said.
It's all finally making sense,
You took what's left of my innocence. Oh no,
I can't believe you got the best of me.
I can't believe you got the best of me.

I will never be the one you want, no I will never be the one you want. (Oh-oh oh-oh)
Finally come to terms that I can't stop, no not this time. (Ye-yeah)
(2x)

I can't believe you got the best of me.
I can't believe I trusted every word you said.
Stretched myself out way too far,
Now I can see you for who you are.
I can't believe you got the best of me.
I can't believe I trusted every word you said.
It's all finally making sense,

You took what's left of my innocence. Oh no,
I can't believe you got the best of me.
I can't believe you got the best of me.
