

## Die For Me

### A Day to Remember

Remember when you said that you would die for me?  
Walk through the fire, burn alive for me?  
Took an oath, signed in blood  
And now we don't even speak  
Remember when you said that you would die for me?

A promise made is a promise kept  
And you crossed your heart and hoped for death

You swore on your life  
And ain't pushing daisies  
Now that you're gone  
You act like I'm crazy  
Go on and play pretend  
But I won't forget

Remember when you said that you would die for me?  
Walk through the fire, burn alive for me?  
Took an oath, signed in blood  
And now we don't even speak  
Remember when you said that you would lie for me?  
Take a bullet right between the eyes for me?  
Now you act like we're strangers and it's hard to believe  
Cause I remember when you said that you would die for me, me, me, me  
I remember when you said that you would die for me, me, me, me

You read our last rites, laid us to rest  
So R.I.P. to whatever's left

You swore on your life  
And ain't pushing daisies  
Now that you're gone  
You act like I'm crazy  
Go on and play pretend  
But I won't forget

Remember when you said that you would die for me?  
Walk through the fire, burn alive for me?  
Took an oath, signed in blood  
And now we don't even speak  
Remember when you said that you would lie for me?  
Take a bullet right between the eyes for me?  
Now you act like we're strangers and it's hard to believe  
Cause I remember when you said that you would die for me, me, me, me  
I remember when you said that you would die for me, me, me, me

Oh, how quick you forget  
To put your money where your mouth is  
Mouth is, mouth is  
Oh, how quick you forget  
To put your money where your mouth is  
Mouth is, mouth is

Remember when you said that you would die for me?  
Walk through the fire, burn alive for me?  
Took an oath, signed in blood  
And now we don't even speak

Remember when you said that you would lie for me?  
Take a bullet right between the eyes for me?  
Now you act like we're strangers and it's hard to believe  
Cause I remember when you said that you would die for me, me, me, me (A promise made is a promise kept)  
I remember when you said that you would die for me, me, me, me (And you crossed your heart and hoped for death)  
I remember when you said that you would die for me
