

Re-Entry

A Day to Remember

These nights are long
Here in my cage
Everyone says to act my age
It's been so long
Since I've felt my bed
Replayin' mistakes over in my head

Sleeping in this coffin
I keep wakin' up
I don't drink too much
I just drink enough

I just wanna go
I just wanna go home
I just wanna go
I just wanna go home

A three piece suit's
Like a three piece cage
The cubicle of our modern age
That feels so foreign
Alien like me
Breakin' through this re-entry anxiety

Two week decompression
Then I get that itch
Gotta pack it up 'n start again

I just wanna go
I just wanna go home
I just wanna go
I just wanna go home

And I don't know when
I'll be back again
Caught a cabin fever that never ends
And I don't know when
I'll be back again
Caught a cabin fever that never ends
And I don't know when
I'll be back again
Caught a cabin fever that never ends
And I don't know when
I'll be back again
Caught a cabin fever that never ends
And I just wanna go home

I just wanna go
I just wanna go home
I just wanna go
I just wanna go home
I just wanna go home
I just wanna go home
I just wanna go home
