

This Is the House That Doubt Built

A Day to Remember

Don't get me started on what it means to be alive
you're lying to yourself if you sound and act surprised
could you stand become the source of what you are
the wolves in sheep's clothing will only lead so far so find yo
ur way
and you'll go cause in the end we all end up alone so just wait
you'll know

forget everything just for tonight we'll sing like everyone whe
n their alone
cause I've been waiting for tonight to sing whoa, whoa

I rely on myself just making sure that was clear I'm not in nee
d of your crutches
I face all my face fears and I want what I knew I could have
life is not a monster make the best of what you have

don't wait just go
and when you find yourself let me know
it's not too late just let go

forget everything just for tonight we'll sing like everyone whe
n their alone
cause I've been waiting for tonight to sing whoa, whoa

let's believe that if we all stand together we're a force that
can shake the whole world
for once we're doing something right when we say whoa, whoa

in the end it's not about what you have
in the end it's all about where you wanna go
and route you take to get there I hope you think that's fair

cause you've only got one life to lead so don't take for grante
d those little things
those little things are all that we have

forget everything just for tonight we'll sing like everyone whe
n their alone
cause I've been waiting for tonight to sing whoa, whoa

let's believe that if we all stand together we're a force that
can shake the whole world
for once we're doing something right when we say whoa, whoa

(I say whoa whoa whoa whoa)

can't forget everything

cause I've been waiting for tonight to sing whoa, whoa
