

Peaches

A Fine Frenzy

What a feeling
Oh my
In dreams I see her face all night
All night

Oh the greatest
Rush
Oh the wonder I can't get enough
This love

Keeping dream alive
Feed me with the starlight
Sleep away the time
Turn the light off

She's so sweet it hurts
So sweet it hurts
So sweet it hurts
My peaches
She's so sweet it hurts
So sweet it hurts
So sweet it hurts
Now that she's gone

He is patient
So kind
Keeping me from slipping through my mind
All right

When it's peaceful
I'm still
Scared to open up and to be filled
This time

Keeping dream alive
Need to see her star eyes
Please I'll be alright
Turn the light off, come find me

She's so sweet it hurts
So sweet it hurts
So sweet it hurts
My peaches
She's so sweet it hurts
So sweet it hurts
So sweet it hurts
Turn the light off

She's so sweet it hurts
So sweet it hurts
So sweet it hurts
My peaches
She's so sweet it hurts
So sweet it hurts
So sweet it hurts
Come find me (Now that she's gone)

She's so sweet it hurts
So sweet it hurts
So sweet it hurts
My peaches
She's so sweet it hurts
So sweet it hurts
So sweet it hurts
Come find me
