

## Learning Curves

### A Great Big Pile Of Leaves

Meet me in the library  
We can practice reading  
I've forgotten how so suddenly, and you're a dictionary  
I was hoping you might be willing to tutor me

Meet me in the library  
We can practice reading other things  
I haven't been paying attention  
Too distracted  
I suck at this  
With you sitting there so quietly, I can't learn anything

This would be easier with a teacher  
Then I could learn something and stop spacing out  
With you sitting there so quietly, I can't learn anything
