

Glowing

A Great Big World

Bring on the storm
Let it rain, let it snow
Got a little bit of love
Oh to keep us
To keep us dry

I'll keep you warm
Let the winter winds blow
Got a little bit of love
Oh to keep us
Alive

Ooooooo
Ooooooo
Ooooooo
Ooooooo

Don't lose your faith
We're not far from the shore
Got a little bit of love
Oh to light up our way back home

So bring on the waves
Let them crash, let them roar
Got a little bit of love
Oh you won't be alone

Ooooooo
Ooooooo
Ooooooo
Ooooooo

We'll be shining when the lights go dark
Just a little spark keeps the fire glowing
We'll be ready when the waves get rough
Just a little love's enough to keep us going

We'll be shining when the lights go dark
Just a little spark keeps the fire glowing
We'll be ready when the waves get rough
Just a little love's enough to keep us going

We'll be shining when the lights go dark
Just a little spark keeps the fire glowing
We'll be ready when the waves get rough
Just a little love's enough to keep us going

Just a little love's enough to keep us going
Just a little love's enough to keep us going

Ooooooo
Ooooooo
Ooooooo
