

This Is Magic

A Great Big World

So many colours that I swear I've never seen before
The same old music but with you it strikes a different chord
Hey boy, I feel like myself when I'm around you
So real, there's nobody else now that I found you
Guess I'm a sucker for a certain kind of city love
Millions of people, only one that I'm thinking of
Hey boy, I don't know what it is about you
I swear, the winter was colder here without you

This is magic
This is magic
This is magic
This is magic

You make me feel like I'm a kid inside a candy store
A sugar rush straight to my heart, a taste I can't ignore, yeah
, oh
Hey boy, I don't know what it is about you
I swear the winter was colder here without you

This is magic
This is magic
This is magic
This is magic

Baby, I don't wanna lose this feeling
Baby, you're knocking me off my feet
This music's crazy
Your body's all I need and I want more (Ooh)
Baby, so come and dance on over
Baby, and rock with me to the beat
This music's crazy
Just a little closer, I'm all yours

This is magic
This is magic (Ah yeah)
This is magic (You and me, baby)
This is magic (Magic)
This is magic (Hey boy, I feel like myself when I'm around you)
This is magic (Hey boy, there's nobody else now that I found you)
u)

This is magic, ooh magic
This is magic, ooh magic
This is magic, ooh magic
This is magic, this is magic
