

Flo\$\$

A\$H.

Don't forget to floss
If you know what I mean
Don't forget to floss
Floss floss floss floss floss
Let me see you shining

Don't forget to floss
Yeah I heard you had that sauce
Yeah we all paying attention
No we don't care the cost

So, if you got the Juice
And I'm not talking OJ
Then let's see you get loose
You can even do it your way
So

Don't forget to floss
If you know what I mean
Don't forget to floss
Floss floss floss floss floss
Let me see you shining

Don't forget to flex
Yeah I heard you were the best
Yeah I see you have potential
But please show me the rest or
Maybe you're the shy type
You don't need no hype
But I know you have the skill
I can feel your sex appeal
So

Don't forget to floss
If you know what I mean
Don't forget to floss
Floss floss floss floss floss
Let me see you shining

Ooh ooh baby
Ooh ooh baby

Oh oh oh oh

I do not compare
One of me we beat any pair
Two of me, that's not even fair
Swear, man it's not polite to stare
And I maybe got a band tho
Mind game sicker than a lambo
Girl gang hang any flavor
Floss gang flame any lazer

Don't forget to floss
If you know what I mean
Don't forget to floss
Floss floss floss floss floss

Let me see you shining

Ooh ooh baby

Ooh ooh baby

La la la la la la la la la
