

I'm So Nice

A\$H.

I make it look too easy
Believe me
Heard I'm good so you pleading
Receive me
Changing up your tone tryna switch it up
Want me all alone you can't get enough

I know I can be a tease and then I leave you
Have you all up on knees with jewelry
Taking up my time but I'm having fun
I made up my mind you can't be the one

Blowing up my phone
Want me all alone
Spending pesos
You ain't nice
Saying everything right
Cuz you want me for a night
Yeah, you look real fine
But you ain't nice

On the low
Let it go
It's ok
You ain't know
Now you do
No excuse
Don't be mad
Get a clue

Baby
I'm so nice
I'm so I'm so I'm so nice
I'm so I'm so I'm so nice

Everybody say the want me
If only
I could give them all a chance
To show me
Keep 'em coming back to back
They all attractive
Make it hard to turn back
That's why I'm passive
I know I can be a flirt and then desert
You have you all up in your feelings like I hurt you
Taking up my time but I'm having fun
I made up my mind you can't be the one

Blowing up text
Worried bout my ex
Sweatin' like you pressed
You ain't nice

Saying what I wanna hear
Cuz you think you so sincere
Even if I shed a tear
You still ain't nice

On the low
Let it go
It's ok
You ain't know
Now you do
No excuse
Don't be mad
Get a clue

Baby
I'm so nice
I'm so I'm so I'm so nice
