

Skate Bored

A\$H.

Wanna go down the hill
On my new skateboard
Wanna go up and down on my
New skateboard
Wanna go

You ain't what I want
I told you last time
You ain't what I need
It's my last time
You ain't what I want
Give me one time

I'm just having fun
Don't know what to say
You be looking good
Maybe we can play
You can show me yours
I can show you mine
If you got the moves
Then I got the time

You can be the one
You can be the two
You can be with me but
I can't be with you
Is it really love
We don't wanna know
Even if it is boy
Keep it on the low

How do you want my love
Tell me how do you want my love
Tell me how do you want it
How many times do you want it oh
1 time
2 times
3 times
Oops no time

I can't wait boy
Don't be late I know
It's been fun
But I can't stay
I've gotta go back home
To where I come from
I just came to play
I just came to play

Wanna go down the hill
On my new skateboard
Wanna go up and down on my
New skateboard
Wanna go
