

## Presenting Lily Mars

a-ha

Presenting Lily Mars  
Tap dancer, a soon-to-be star  
She'll beat your heart so fast  
Spotlight's on Lily tonight

She's on Channel One's late night show  
She's watching people come and go  
Producer says, "You've got it made, girl"  
And when she's lying sleepless in his arms  
The frost paints roses on poor Lily's window pane

Presenting Lily's mum  
She still lives on in Lily's mind  
Stopped ageing years ago  
Now she's gone but left her dreams in Lily's eyes  
Lily's wondering if mummy's watching her tonight

"Good morning," says father Mars  
Presenting a salesman's cheerful face  
His mouth is never shut  
As he strides from door to door to door to door  
Watch his face as he puts his foot in my door

Presenting Lily Mars  
She's sensing moons and stars  
The pills that Doc subscribed  
Will keep the sleepless, dreamless nights away  
Oh, poor Lily, now you're sleeping day by day  
By day by day by day by day  
Bye, bye

Poor Lily, mummy's watching you tonight
