

## Stop! And Make Your Mind Up

a-ha

We have no help  
You know that  
All by ourselves  
We have come this far

Now stop and make your mind up about me  
Stop and make your mind up about me, baby  
Stop and make your mind up about me, yeah  
Stop and make your mind up

Beer goes to my head  
I want you  
Come back to bed  
We have come this far

Now stop and make your mind up about me  
Stop and make your mind up about me, baby  
Stop and make your mind up about me, yeah  
Stop and make your mind up

Yeah, I want you near me  
So stop ! and make your mind up about me, baby  
Stop and make your mind up about me, yeah  
Stop and make your mind up about me, baby, Oh baby  
Stop and make your mind up about me, baby.
