

You're Too Young

A House

You're too young
You're just too young
To be hateful
You're too young
To be fearful
Forceful, hurtful, cynical, faithful, careful, thoughtful
You're just too young to understand the reason why

But when you grow, grow, grow, grow, grow, grow
You can be like me
You can be like me
You can be like me
And everybody

For I am too old
But I am too old
To be graceful
I am too old
To be wishful
Playful, youthful, sinful, harmful, useful, boastful
I am too old to understand the reason why

But when I grow, grow, grow, grow, grow, grow
I can be like you
I wanna be like you
I wanna be like you!
I am too old and you are too young... young
