

Greed

A Killer's Confession

Won't let your greed be the death of me
All dressed up in gold so pathetically
Sit on a diamond throne, all alone needing sympathy
You odd-a know that you're a slaved to all your gluttony

You take and you take, but it's never enough
To satisfy all your greed, I keep filling my cup
With all the hate and distain
From all the pain you create
You'll never live up to anything
You are just a waste

I sea of lie that draws the flies a moth into the flame
A deadly game that you play in your crown of shame
Counterfeit you're fake standing in my wake
You think that you know me so well

You take and you take, but it's never enough
To satisfy all your greed, I keep filling my cup
With all the hate and distain
From all the pain you create
You'll never live up to anything
You are just a waste

Greed be the death of me
Won't let my
Greed be the death of me
You are just a waste
Greed be the death of me
Won't let my
Greed be the death of me

Choke on your ego
Empire of dirt
Broken libido
I'm watching you squirm
Squirm
Squirm
Broken libido
Choke on your ego

Greed be the death of me
Death of me
Greed be the death of me
You are just a waste
Greed be the death of me
Death of me
Greed be the death of me
You are just a waste

(You take and you take, but it's never enough
To satisfy all your greed, I keep filling my cup)

You take and you take, but it's never enough
To satisfy all your greed, I keep filling my cup
With all the hate and distain
From all the pain you create

You'll never live up to anything
You are just a waste

Greed be the death of me
Death of me
Greed be the death of me
You are just a waste
