

Last Chance

A Killer's Confession

Show me
I am begging down on my knees
(This is my Last Chance, this is my Last...)

I can see all the words that you wanna say
At the end of the day, will it resonate?
With the lies and the truth that you try to fake
(My beliefs are wasting away)

You can run but it's all inescapable
You can try but I don't think you're capable
Of a smile cause you know that you're miserable
(Peeling back the mask on the shame)

You keep on waiting for your fate to find you
I know it's hard to see the light behind you
And your emotions are chains that bind you
Make this life meaningful
Is it possible?

Show me
I am begging down on my knees
(This is my Last Chance, this is my Last Chance!)

Tell me
How can I kill off my disease?
(This is my Last Chance, this is my Last Chance!)

Who are you to erase all the memories?
Who are you to deny you're enemy?
Are you just gonna stand there and yell at me?
(Anything to say I'm to blame)

Take a look, can you see through the reckoning?
And you rise when the devil is beckoning
In your mind, all the voices are deafening
(You can't ever wish it away)

You keep on waiting for your fate to find you
I know it's hard to see the light behind you
And your emotions are chains that bind you
Make this life meaningful
Is it possible?

Show me
I am begging down on my knees
(This is my Last Chance, this is my Last Chance!)

Tell me
How can I kill off my disease?
(This is my Last Chance, this is my Last Chance!)

I'm so ashamed of every moment that I failed you
(This is my Last Chance, this is my Last Chance...)

I can see in your face, you have nothing to say
Cause you know in your heart, why no one will stay

If you're wondering why you're all alone on this stage
It's the violence, the anger all the fits of rage!

I can see in your face, you have nothing to say
Cause you know in your heart, why no one will stay
If you're wondering why you're all alone on this stage
It's the violence, the anger all the fits of rage!

Show me
I am begging down on my knees
(This is my Last Chance, this is my Last Chance!)

Tell me
How can I kill off my disease?
(This is my Last Chance, this is my Last Chance!)

I'm so ashamed of every moment that I failed you
But you don't feel the pain inside the way that I do

Show me
I am begging down on my knees
(This is my Last Chance, this is my Last Chance!)
